### Call For *Two* Special Issues (Volume 4, Issues 3 & 4, 2017)

Asian Transport Studies (ATS) is an official journal of the Eastern Asia Society for Transportation Studies (EASTS). ATS was founded in 2009 (<http://www.easts.info/publications/ats.html>). It aims at *providing useful insights into solving Asia-specific transport-related issues* from both theoretical and practical perspectives. It treats all types of transport modes and all issues in transport sector. Even though papers dealing with the Asia-specific issues are especially welcome, other papers related to transportation studies are also within the scope of this journal.

Previously, ATS only accepted papers submitted to EASTS Conference. From Volume 4, ATS will accept papers from general authors, just like other journals. Those accepted papers will be published in Issues 3 and 4, which will be published in March 1 and September 1, 2017, respectively. To encourage paper submissions, ATS first calls for two special issues: one for Issue 3 and the other for Issue 4. Those who would like to organize a special issue, as guest editors, are welcome to submit a proposal to the editor-in-chief of ATS, Prof. Junyi Zhang ([asmo@hiroshima-u.ac.jp](mailto:asmo@hiroshima-u.ac.jp)), by **January 31, 2015**. *Proposals dealing with Asia-specific transport-related issues will be highly evaluated.*

The proposal should include,

- Title of the special issue
- Information of guest editor(s): name, affiliation, detailed address, phone & fax, e-mail address
- Abstract of the proposal: max 1,000 words
- Potential authors and tentative paper titles, if any
- Choice of Issue 3 and Issue 4
- Review schedule for the publication: Note that Issue 3 will be published on March 1, 2017 and Issue 4 on September 1, 2017). **These two deadlines MUST be STRICTLY followed.** Therefore, a well-designed review schedule is very important.
