# EASTS Activities

---

- ✓ International Conference (once a two years)
- ✓ Journal Publication
- ✓ Awarding
- ✓ International Collaborative Research
  - International Research Ground (IRG)
  - Special Research Group
- ✓ Financial Support for the Members and Research Activities

# International Conference

---

- Once a two year (usually in Autumn)
- 10 conferences have been held since 1995 in several member countries.
- 4 days conferences including;  
    Technical paper presentation, Keynote lecture, Panel discussion, Technical tour, Exhibition, etc
- Full paper submission (Academic/Practical Paper) and peer review before the conference -> Journal/Proceedings publication

The main content area displays the journal title 'Asian Transport Studies EASTS' and the current issue 'Asian Transport Studies Vol. 3(314) No. 1'. Below this, there is a 'Resource Paper' section with the title 'Dynamics in Activity-Travel Behavior Framework and Selected Empirical Evidence' and a list of authors: Mary Timmermans, Elneth Khaderi, Zahra Farmanesh, Ishigena Fumi, Seore Raouf, Fatya Shameen, and Dujan Yang. The release date is March 05, 2014. The page also features a 'Papers' section with the title 'Long-Term Changes in Individual Action Space in the Osaka Metropolitan Area' and a list of authors: Yasah Okamoto, SUSILO, released on March 05, 2014. The page includes a search bar, navigation links, and a sidebar with system maintenance and announcement information.

# Awarding

## ➤ Excellent Paper Award

Yasoshima Prize: 1 paper, Best Paper Award: 8 papers

**Best Paper Awards** for

- a) Enlightening Asia-specific topics
- b) Discovering interesting facts
- c) Technological innovation
- d) Institutional innovation
- e) Theoretical development
- f) Methodological development
- g) Best application in practices
- h) Difficult research accumulations

# International Research Group (IRG)

## IRG aims;

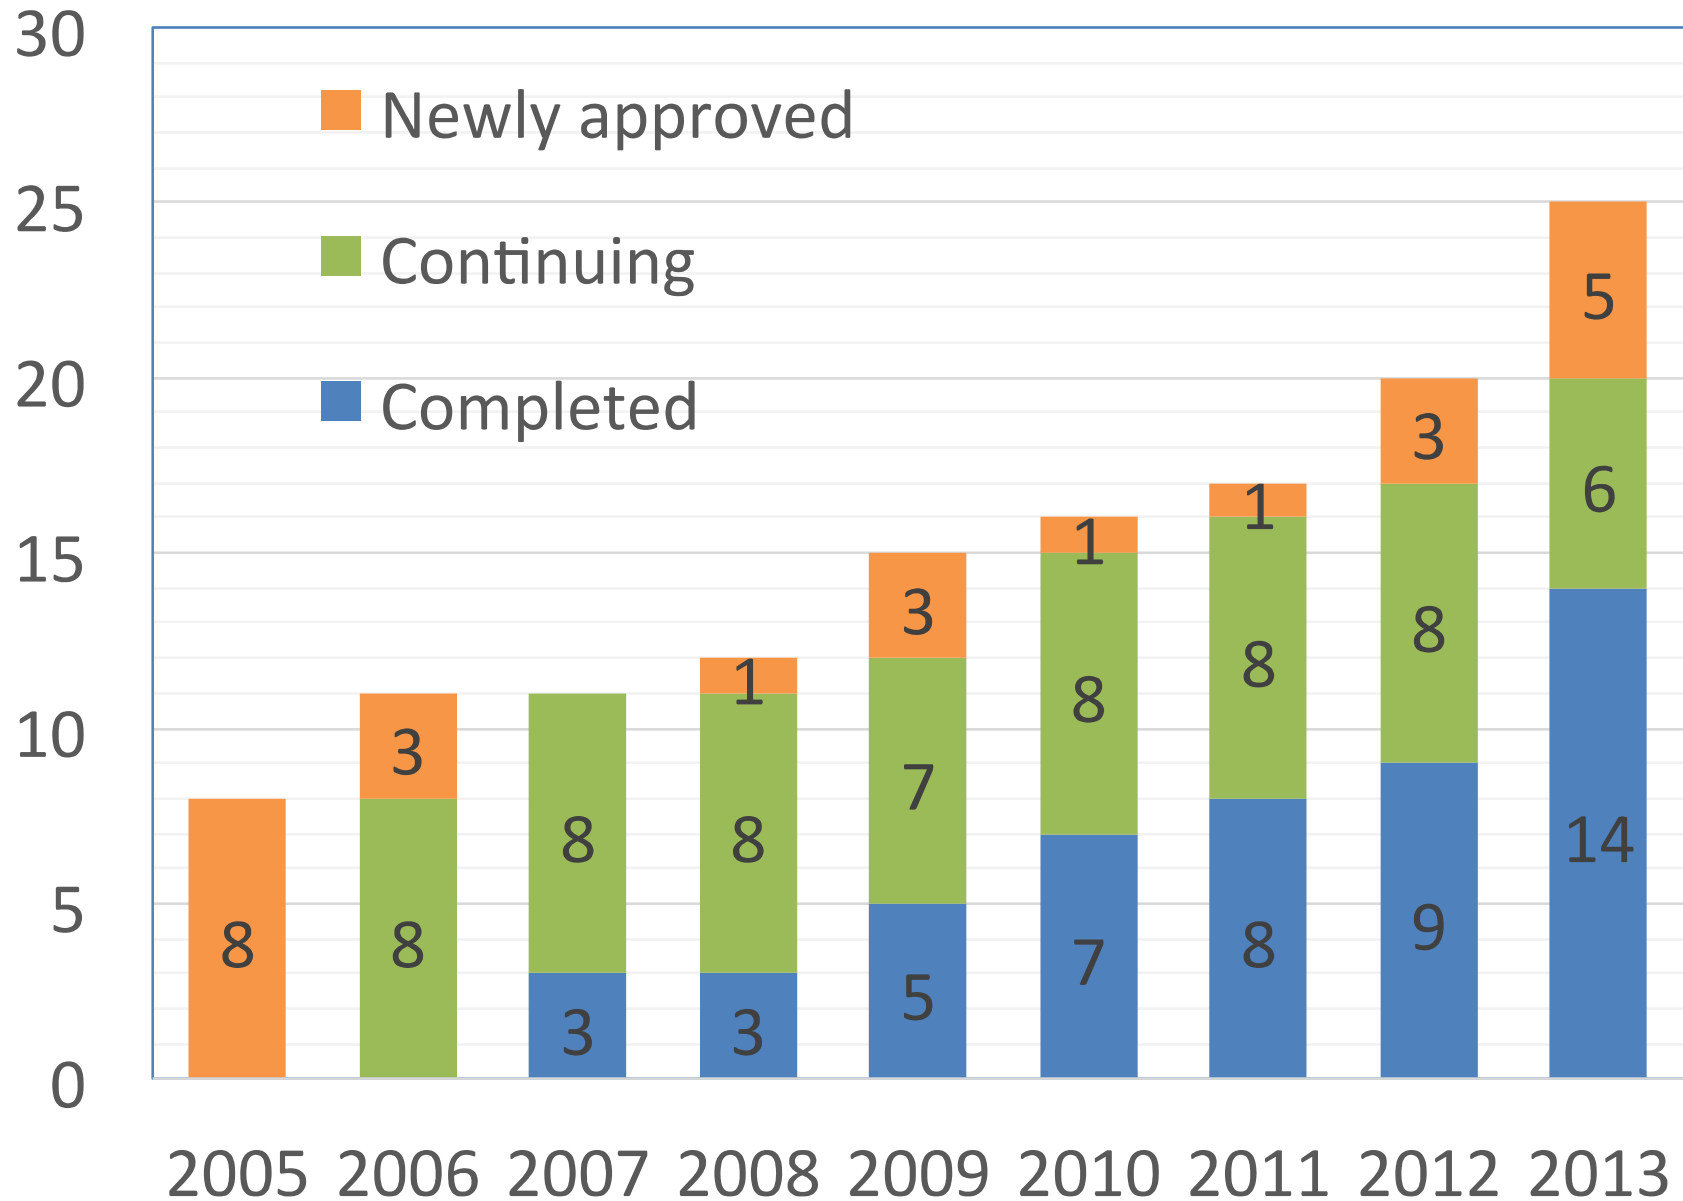

- ✓ Promote International Research Activities
- ✓ Conduct symposia, seminars and workshops
- ✓ Activate young researchers of EASTS

- Starting in 2005
- Call for new IRGs in every year
- Including members from **at least two domestic societies**
- IRG is eligible for ICRA research grant

- **Total 25 IRGs** were formed (11 IRGs are ongoing)
- **Total 120 members from 15 countries** joined
- 7 special sessions were organized by IRGs in Taipei Conference 2013

## IRG-01: “Sustainable Transport for East Asian Megacities (STREAM)”

### Objectives:

- To explore special urban transport policy strategies and practical measures for East Asian megacities considering their special characteristics

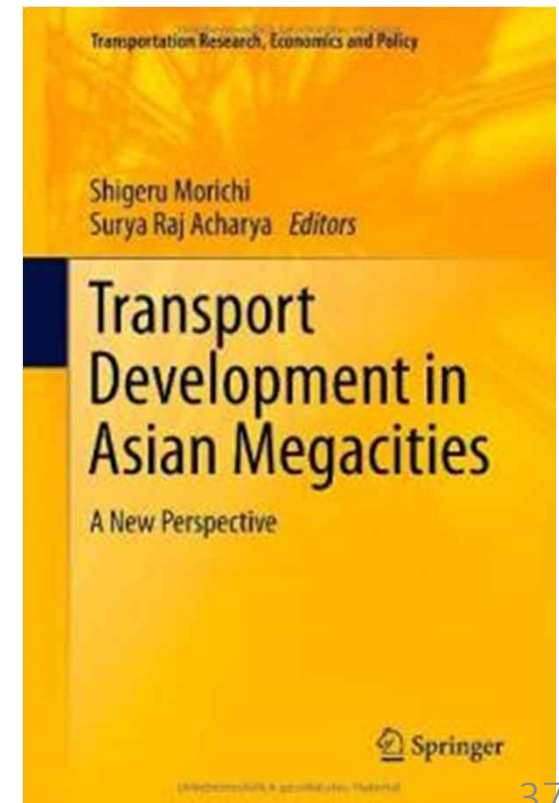

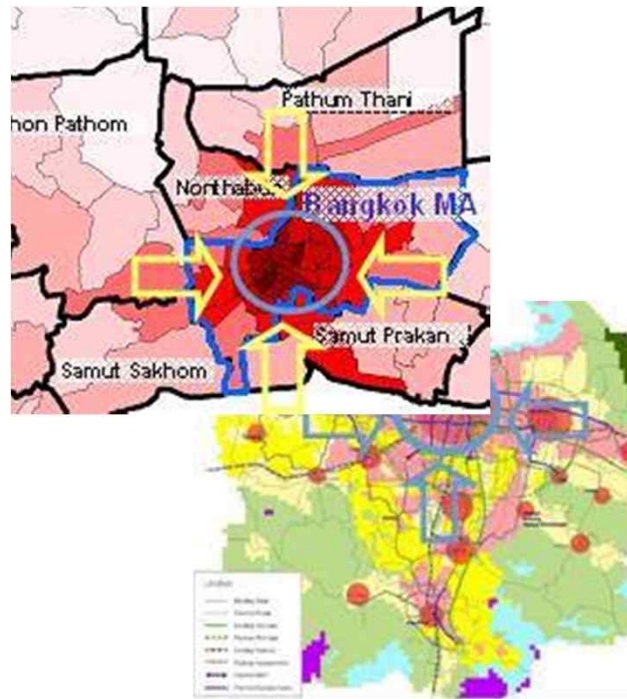

### Participating countries and regions:

Hong Kong, Japan, Korea, Philippines, Taiwan, and Thailand

Book Publication  
Springer, (2013)

Taipei Workshop (March, 2006)

# Example of IRG

## IRG-02: “International, Inter-regional, and City Logistics Research Group in Wide Variety of Asian Region” (T-LOG)

### Objectives:

- Sharing information and analyzing in cooperation on current problems in logistics field in Eastern Asia
- Proposing the solutions and/or policy recommendations on these problems together as needed

### T-LOG seminar in the intermediate year of EASTS conference

### Participating countries and regions :

Australia, China, Indonesia, Hong Kong, Japan, Philippines, Singapore, Taiwan, and Thailand

# Research Grant: International Cooperative Research Activities (ICRA)

IRG is eligible for ICRA grant

Type of grant	Research period	Maximum amount of grant
ICRA-A (ICRA for incubating research)	2 years	JPY 1,000,000 for two years
ICRA-B (ICRA for publicity of achievement)	1 year	JPY 500,000 for one year

- ✓ **[Selection Criteria]** "Internationality", "Academic/Practical Novelty", "Usefulness" and "Prospect", "Past Achievements", "Validity of Expense", and "Feasibility".
- ✓ ICRA applications are evaluated from different perspectives by the ICRA Selection Committee organized by EASTS-Japan.

2003-2005	A Comparative Study on Urban Structures and Transportation Systems in Asian Metropolitan Cities
2001-2003	A Comparative Study on Motorcycle Traffic Development in some Asian Countries - case of Taiwan, Malaysia and Vietnam
2001-2003	Travel Behavior Analysis and its Implication to Urban Transport Planning for Developing Countries

# Incentives for Young Researchers: Financial Support

- ✓ EASTS provides financial support to the qualified presenters (mainly young researchers in developing countries) (registration fee, airfare and accommodation fees).
- ✓ The following conditions should be satisfied to qualify;
  - EASTS regular members
  - Papers evaluated as excellent in the paper review process.
  - Belonging to the following EASTS member domestic societies: Cambodia, China, Lao PDR, Malaysia, Mongolia, Myanmar, Nepal, Philippines, Thailand, Vietnam.
  - Application for financial support must be submitted.
- ✓ 50-70 young researchers of developing countries receive the EASTS support in recent conferences

Number of Fund Beneficiaries

# Acceleration of Collaborative Research

---

- Support for the research activities of **new/small EASTS countries**.
- Communication with **future member countries** in the scope of EASTS
- Expanding use of **International Research Group (IRG)** scheme
  - Support for member recruitment
  - More effective/flexible fund (e.g. special fund for involving young researchers).
- **More collaboration of academicians and practitioners including private companies.**
- Collaboration with the other international academic societies (WCTRS, TRB, etc)
- Reconstruction of financial support scheme for increasing number of EASTS members and countries

# Advantages of EASTS members

---

All Regular Members shall have the following rights:

- To present a paper in EASTS Conference and to participate in other seminar/meetings of the Society;
- To receive discount of conference registration fee and conference materials;
- To have access to all records of the associations;
- To join the EASTS international research activities (IRG, etc) and utilize the human networks of EASTS
