1.8 International Cooperative Research Activity (ICRA)

Purpose

The Eastern Asia Society for Transportation Studies (EASTS) is offering research grants to a group of researchers involved in transportation and related fields through its International Cooperative Research Activity (ICRA). The purpose of the ICRA is to promote the research activities of the EASTS by encouraging international cooperative research.

Requirements

To truly attain the objective of fostering international collaborative efforts, the members of the research group should be composed of researchers from two or more countries/areas. Interested groups are required to submit an application form with the research proposal for consideration and approval by the EASTS Board Meeting. Grantees have an obligation to hold a special session in the 7th EASTS conference, which will be held in 2007, in order to present the results of their collaborative research works.

1.9 International Research Group (IRG)

1. Background

- 1) The importance of international viewpoints in the transportation field has been increasing.
- 2) Actual international cooperative research activities are significantly increasing.

2. Scheme of the IRG

- 1) The IRG is a research group approved by EASTS to conduct cooperative researches.
- 2) The IRG is expected to hold seminars and symposia as part of EASTS activities.
- 3) The IRG is encouraged to apply to other funding sources and to coordinate with other organizations.
- 4) It is expected that the IRG will activate and invite young researchers of EASTS.

3. Advantages of the IRG

- 1) The IRG has a high possibility to hold special session at EASTS conferences.
- 2) The IRG are welcome to advertise your activities through web site and mailing list of EASTS.
- 3) The IRG is eligible for the existing ICRA fund and will have high priority in the selection.

4. Requirements for Application of the IRG to EASTS

- 1) The IRG is required to submit an application form to the Office of EASTS Secretary-General.
- 2) The IRG is required to be approved by the EASTS Board.
- 3) The IRG is organized by regular members coming from at least two EASTS country/area.
- 4) The IRG is required to submit its report of activities to the Society every year.

ARTICLE V

Board of Directors

Section 5.1 **General Powers** - The Board of Directors shall have general supervision and control of the business and affairs of the society.

Section 5.2 **Board Member** - The Board shall be composed of one representative from each country/area as the society(ies) in that country/area; three Directors-at-large elected by Representative and/or Regular Members (officers). The Directors-at-large shall hold office for a period of four (4) years, coinciding with the term of office of the officers of the Society, or until such time as their duly elected successors have qualified. Should any Director-at-large fail to complete his/her term by at least one year due to resignation or any unavoidable circumstances, the Board shall elect from among the Representative Members his/her replacement to serve the unexpired portion of his/her term. Former presidents of the Society shall sit in the Board as Advisers and ex-officio members without the right of vote.

Section 5.3 **Vacancies** - Any vacancy of officer(s) occurring in the Board by resignation, removal, death or incapacity, shall be filled in the same way described in Section 3.3, at any regular meeting of the Board, as long as a quorum exists at that meeting. The officer(s) so elected shall serve the unexpired terms of the director(s) replaced.

Section 5.4 **Regular Board Meeting** - The regular meeting of the Board shall be held every year. One will be held during the regular biannual Conference, and the other will be held in Tokyo during the year when there is no regular Conference, or at such other times and places as the Board may determine.

Section 5.5 **Special Board Meeting** - A special meeting of the Board shall be held whenever called by the President or on written call of a majority of the Directors.

Section 5.6 **Quorum** - A majority of all the Directors shall constitute a quorum at any meeting of the Board..

ARTICLE VI

Scientific Committee

Section 6.1 **Role** - The Scientific Committee is authorized by the Board of Directors for the purpose of assisting the Directorate of the Conference, and ensuring a high level of scientific quality of the Conference, among others, with the call for papers, invited papers, the selection of contributions to be presented and contributions to be published, and the recommendation of the candidates for awards and recognition.

Section 6.2 **Members** - The Scientific Committee consists of a chair, an appropriate number of session organizers who shall be appointed by the Board, and the Conference Director (the Chair of the Conference Committee). The Chair of the Scientific Committee, who shall be recommended by the President for approval by the Board, may attend meetings of the Board.

Section 6.3 **Duties of the Chair** - The Chair of the Scientific Committee shall manage the whole organization of the Conference in terms of its scientific aspects such as :
(a) Coordinating session organizers of the Conference;
(b) Reporting to the Board the program of its activities.

Section 6.4 **Session Organizer** - Each member of the Scientific Committee must organize a Session of the Conference for the purpose of encouraging the development of transportation research and excellence in professional practice, seeking solutions to important problems of Eastern Asia interest, and aiding in the dissemination of scientific information.

Section 6.5 **Regular Committee Meetings** - The Scientific Committee shall meet once every two years during the regular Conference or at such other times and places as the Chair may determine.

Section 6.6 **Special Committee Meetings** - A special meeting of the Scientific Committee shall be held whenever called by the Chair or on written call of a majority of the members of Scientific Committee.

ARTICLE VII

Conference Committee

Section 7.1 **Role of the Conference Committee** - The Conference Committee is constituted by the Board for the purpose of providing overall directions and guidance, and deciding on the general program structure of the regular Conference in cooperation with the Scientific Committee.

Section 7.2 **Organization** - The host domestic society of the Conference shall organize the Conference Committee headed by the Conference Director who is appointed as the Second Vice-President at the same time.

Section 7.3 **Duties of the Conference Director** - The Conference Director shall chair the Conference Committee, and take all the responsibilities related to the Conference.

ARTICLE VIII

Funds of the Society

Section 8.1 **Funds** - The funds of the Society shall be derived from the annual dues collected from the domestic societies, gifts, donations or endowments from public or private institutions.

Section 8.2 **Category of Member Domestic Society and Number of Representative Members** - The contribution to the Society is generally related to the number of Regular Members of each domestic society. The table below gives useful information of the category to which a Member Domestic Society belongs and of number of Representative Members of each category:

No. of Regular Members	Category	No. of Representative Members
less than 25	1	1
25 to 74	2	2
75 to 124	3	3
125 to 174	4	4
more than 174	5	6

Section 8.3 **Dues** - Domestic Societies shall pay the annual dues shown in Attachment II of this constitution immediately upon notification of their acceptance.

Section 8.4 **Increases in the Annual Dues** – The annual dues provided in this Constitution may be increased by the Board. In no case shall any such increases be made more often than once every two years.

Section 8.5 **Disbursements** - Withdrawal from the funds of the Society, whether by check or any other instrument, shall be signed by the Treasurer and countersigned by the President. If necessary, the Board may designate other signatories.

Section 8.6 **Fiscal Year** - The fiscal year of the Society shall be from 1st of January to 31st of December of each year.

ARTICLE IX

Meetings of Representative Members

Section 9.1 **Regular and Special Meetings** - The Representative Members shall meet regularly once every four years for the main purpose of electing the new Directors-at-large. Regular meetings shall preferably be held to coincide with an EASTS Conference. A special meeting may be held whenever call by the President or on written call of a majority of the Directors.

Section 9.2 **Quorum and Proxies** - A majority of all Representative Members shall constitute a quorum at any meeting of the Representative Members. Any Representative Member may be designated as a proxy of absent Representative Members. Such designation must be made in writing by the Representative Members concerned or by the President of the Domestic Society to which the absent Representative Members belong. Proxies shall be counted for purposes of determining quorum.

ARTICLE X

Official Language

The official language of the Society shall be English. Other languages may be used provided that the Regular Member brings his/her translator at his/her own expense.

ARTICLE XI

Amendments

This constitution, or any provision thereof, may be amended or repealed by a majority vote of the Directors at any regular or special meeting of the Board of Directors duly held for the purpose, subject to ratification by a majority vote of all Representative Members at a regular or special meeting held for the purpose.

ARTICLE XII

Transitory Provision

Section 12.1 **Individual Members** - The Society shall initially be composed of Individual Members from various countries/areas who attend the organizational meeting held in Ito City, Japan from 26 to 27 November 1994. Each Individual Member shall remain as such until a domestic society in the country/area where he comes from has been admitted as a Country Member of the Society and named as its representative.

Section 12.2 **Voting Rights of Individual Members** - The vote of each Individual Member shall have a weight of one (1). Each Individual Member shall exercise the right to vote during his/her tenure but not later than eighteen (18) months after passage of this constitution.

Section 12.3 **Term of Office of First Set of Officers** - The first set of officers shall hold office until the election of new set of officers in the year 2000 except the Second Vice-President whose term of office is two years.

NCTR has been an organizer for several conferences over the last decade, including:

- World Conference on Transport Research, July 1995

- 3rd International Conference of Intelligent Transport Systems Australia (ITSA97), Brisbane, March 1997
 - 'The Transport Challenge: 2000 and beyond', Sydney, September 1997 (with the Chartered Institute of Transport)
 - 'Beyond Oil: transport and fuel for the future', Launceston, November 1998 (with the Chartered Institute of Transport)
 - 4th International Conference of Intelligent Transport Systems Australia (ITSA99), Adelaide, May 1999
 - AITPM International Conference on 'Travel Bug' Transportation 2000, Gold Coast, June 2000 (with the Chartered Institute of Transport and the Australian Institute of Traffic Planning and Management)
 - Contributed to organization of 27th Australasian Transport Research Forum, held in Adelaide in September 2004
 - Contributed to organization of International Conference of Institute of Transportation Engineers, held in Melbourne in August 2005
 - Contributed to organization of 28th Australasian Transport Research Forum, to be held in Sydney in September 2005
- 2) Seminar, Symposium, Workshop or Lecture
- Series of symposia on state of transport infrastructure, held in different states between June and September 2005
- 3) Publication (Textbook, Newsletter etc.)
- Journal 'Transport Engineering in Australia' is published twice a year, starting in 1995. Founding Editor was Assoc Prof Geoff Rose (1995-2000). Present Editor is Professor Michael A P Taylor (2001-).
- NCTR publishes position papers on issues of importance in transport planning, as part of the papers that appear in 'Transport Engineering in Australia'. Included in these position papers are:
 - Travel demand management in urban areas (1995)
 - Sharing the benefits generated by transport infrastructure (1995)
 - Quality issues in strategic transport modeling (1997)
 - Road pricing and charging (1998)
 - New technologies in transport (1998)
 - Progress on land transport reform (1999)
 - AUSLINK summary (2003)
 - Changing travel behavior (2004)
 - Volume 10 no 2 of journal 'Transport Engineering in Australia' published in January 2005
 - Volume 11 no 1 in final stages of preparation and editing
- 4) Others
- Position papers prepared on a number of topics of interest in transportation, including:
 - Defining Australia's future growth through an efficient integrated transport system
 - Transport education
 - Social inclusion from a transport perspective
 - Oil dependency
 - These papers will be circulated widely, beyond the membership of NCTR, to encourage debate on these topics. They will also be published in forthcoming issues of 'Transport Engineering in Australia'

4. Activities

1) Conferences

- Sept.5-6, 2003, Beijing, International Conference on Transport and Logistics
- Sept. 6-8, 2004 Chengdu, International Conference on E-logistics Technology

2) Seminar, Symposium, Workshop or Lecture

- August 2004, Chengdu, Academic Symposium on Expediting Development New Materials of Traffic & Transportation
- August 2004, Beijing, Symposium on National Comprehensive Traffic & Transportation Development Plan
- October 2004, Beijing, International Symposium on Urban Mobilities: the Stakes, the Research Problematic in China and Abroad
- Seminars on “11th five-year” comprehensive transportation development and planning, Beijing, July 2004.
- “2004 international academic seminar of Chinese transport & logistics” Organized by CCTA, Southwest Jiaotong University

and Japan Logistics Institute, Sept. 5th to 7th, 2004.

- “Urban mobility: the stakes, the research problematic in China and abroad” The seminar was organized by the institute of Transportation Engineering, Tsinghua University and Institute pour la Ville en mouvement of France, the French Embassy on Oct 9th to 11th in Beijing.

3) Publication (Textbook, Newsletter etc.)

- Proceedings of International Conference on Transport and Logistics, 2003, Beijing
- Proceedings of International Conference on E-logistics Technology, 2004, Chengdu

4) Others

- Members were organized to take part in diversified academic activities Besides organizing members to compose the papers, attend EASTS annual conference, EASTS-CHINA actively organized other academic activities such as the first International Conference on Transportation Logistics which was held from 27 to 29 July 2005 in Singapore, initiated by National University of Singapore, Tsinghua University, University of Tokyo and EASTS-CHINA.
- The professional committee of new transport material and transport safety have been organized and founded. The above committee have been founded successively in 2004, the secretariat were located in the Second Reconnaissance & Design Institute of MOR and Southwest Jiaotong University separately.
- Develop EASTS member:

STL-CCTA developed about 60 organization members and 160 individual members, at the same time, the individual members joined the EASTS, included about 40 ID members. At the beginning of 2004, STL-CCTA became a branch of CILT normally, namely CILT-CHINA.

4. Activities

1) Conferences

(1) 1st Asia Pacific Conference on Transportation and the Environment, 13-15 May 1998, Singapore. An exhibition was held in conjunction with the conference at the same venue. Supporting organizations for the event included the Ministry of the Environment, Civil Aviation Authority of Singapore, Land Transport Authority, and Maritime and Port Authority of Singapore. A total of 161 papers offers were received. 102 papers were selected for presentation at the Conference. The two Keynote Lecturers for the Conference were Dr M. Rahmatullah of the United Nations ESCAP and Professor K.C. Sinha of Purdue University. Dr John Chen, the Minister of State, Ministry of Communications was the Guest of Honor. A total of 203 delegates from 26 countries participated in the 3-day event.

(2) The 1999 Symposium on Public Transit for the 21st Century was held on 15-16 May 1999 at the Singapore Expo Centre in conjunction with the EXPO RAIL Asia '99. Ten technical papers were presented at the symposium on the first day. The second day featured a technical visit to SMRT Maintenance Depot at Bishan. The Symposium was attended by 78 participants.

(3) 6th Int. Conf on Applications of Advanced Technologies in Transportation Engineering. This was the 6th conference of an ASCE (American Society of Civil Engineers) conference, held in Asia for the first time. It was held on 28-30 June 2000 at Westin Stamford, Singapore. A total of 203 participants from 22 countries participated in the conference.

Nearly 100 papers were presented at the 3-day conference. Four workshops on special topics of interest were conducted. Technical visits to City Cab GPS Taxi Dispatching Centre and the ERP Control Centre were arranged.

- (4) The 2001 Symposium on Airport Infrastructure Development and Management was held on 25-26 April 2001 at Singapore Expo in conjunction with an exhibition on advanced airport technologies. 14 technical papers were presented at the symposium on the first day. The afternoon of the second day featured a technical visit to the new MRT station at Singapore Changi Airport. The Symposium was attended by 69 participants.
- (5) STSS hosted the 2002 IEEE 5th International Conference on Intelligent Transportation Systems held in Suntec City from 3 to 6 September 2002. This conference series is sponsored by the IEEE ITS Council. The focus of the conference is on basic research and applications of latest advances in communications, computer, control, electronics and related technologies in ITS. The past 4 conferences were held in Boston USA (1997), Tokyo Japan (1999), Dearborn USA (2000), and Oakland USA (2001). The conference consisted of 3 full-days of technical sessions plus technical visits on Day 4. It was attended by 145 participants from 21 countries.
- (6) 2004 Symposium on GIS/GPS Applications in Transportation Advanced Technologies in Transportation Engineering, 19-20 March 2004, Singapore. The symposium featured 8 papers, a forum and a technical visit. It was attended by more than 70 participants.

- (7) 2004 Symposium on Intelligent Transportation, 8-9 July 2004, Singapore. The symposium featured 17 papers, and a technical visit. It was attended by more than 80 participants.
- (8) First International Conference on Transportation Logistics, 27-29 July 2005, Singapore. The conference was attended by about 140 participants. There were altogether 24 technical sessions with about 90 papers presented by authors from 22 countries. Two technical visits were arranged, one to the Port of Singapore, another to a freight distribution center.
- (9) 2005 Symposium on Transportation and the Environment held on 1-2 December 2004. The symposium featured 23 papers, and a technical visit. It was attended by more than 70 participants.

2) Seminar, Symposium, Workshop, Forum or Lecture

- STSS organises regular research seminar once every two months to coincide with its Council Meeting. Additional research seminars are held whenever there are lectures by visitors or special guests.
