

Report of EASTS Domestic Society (2020-2021)

■ Name of Country/Region: Australia

■ Name of the Society: Australia Transport Society

Address of Secretariat: 108 King William St, Adelaide SA 5000

TEL: 8202 7100, FAX:

E-Mail: memberservices@engineersaustralia.org.au

Web URL of the Society:

<https://www.engineersaustralia.org.au/Communities-And-Groups/Technical-Societies/Transport-Australia-Society>

■ Officers and Secretariat

President (Name, Affiliation)

Scott Elaurant

Vice-President (Name, Affiliation)

1st:

2nd:

Secretary General (Name, Affiliation)

■ Membership

Membership Category / Number of Each Membership Category / (Annual membership fee)

<u></u>	<u>20</u>	<u>(100)</u>
<u></u>	<u></u>	<u>()</u>
<u></u>	<u></u>	<u>()</u>
<u></u>	<u></u>	<u>()</u>
<u></u>	<u></u>	<u>()</u>

■ Activity of the Domestic Society Related to EASTS

1) Conference

•

Meng, L, O'Loughlin, KOL & Millcock, S 2021, 'Investigating a suitable business model for a bush food supply chain for Australia', *Agriculture, Food & Aqua*, Coalesce Research Group.

2) Seminar, Symposium, Workshop, Forum or Lecture

•

Being a committee member of Supply Chain and Logistics Association of Australia (SCLAA) South Australia branch

3) Publication (Journals, Textbooks, Newsletters etc.)

Meng, L, Li, RYM, Taylor, MA & Scrafton, D 2021, 'Residents' choices and preferences regarding transit-oriented housing', *Australian Planner*, pp. 1-15.

Meng, L, O'Loughlin, KOL & Millcock, S 2021, 'Investigating a suitable business model for a bush food supply chain for Australia', *Agriculture, Food & Aqua*, Coalesce Research Group.

Luo, L, O'Hehir, J, Regan, CM, Meng, L, Connor, JD & Chow, CWK 2021, 'An integrated strategic and tactical optimization model for forest supply chain planning', *Forest Policy and Economics*, vol. 131, 2021/10/01/, p. 102571.

Meng, L 2021, 'Using IoT in Supply Chain Risk Management, to Enable Collaboration between Business, Community, and Government', *Smart Cities*, vol. 4, no. 3, pp. 995-1003.

4) Other Remarkable Activities

Bush tucker supply chain research activities

■ Activity of the Domestic Society Related to EASTS

1) Conference

- Conference on Theory and Practice of Integrated Transport Hubs
- Conference on Supporting Private Enterprises to Participate in Transportation Infrastructure Construction
- Information and Intelligence Propulsion Conference 2020
- Conference on Supply Chain for China-Europe Freight Trains
- Conference on Overseas Warehouse Construction for China-Europe Freight Trains

- Conference on Impact on China's Comprehensive Transport and Transportation of the Novel Coronavirus Pneumonia (COVID-19)
- Conference on Research on the Development Trend of China's Comprehensive Transportation in the 14th Five Year Plan

2) Seminar, Symposium, Workshop, Forum or Lecture

- Seminar on Research on New Infrastructure Construction of Transportation
- Research on Improving Efficiency of Comprehensive Transportation Corridors & Hubs
- Symposium on Supporting Private Enterprises to participate in the Construction and Development of Transportation Infrastructure
- Seminar on the Development of Multimodal Transport
- Workshop on Effective Connection of Transport Hub

3) Publication (Journals, Textbooks, Newsletters etc.)

- Research on Improving the Modernization of Comprehensive Transportation Governance System and Capacity
- Research on High Quality Integrated Transportation Service
- Operating Situation Analysis Symposium of Transportation and Logistics Industry in China in 2020
-
- Supply Chain for China-Europe Freight Trains
- Overseas Warehouse Construction for China-Europe Freight Trains
- Research on the Development Trend of China's Comprehensive Transportation in the 14th five Year Plan

4) Other Remarkable Activities

- Experience Exchange Meeting on Promoting New Transport Infrastructure Construction
- The Integration Development of Cross-regional Transportation
- Reform of Transportation Investment and Financing System

5) Future Activity Plan (If you desire to inform some future activities of your domestic country to EASTS website, please fill in following blank space.)

•

6) List of EASTS Representative Member(s)

* Number of Representative members is based on the category of your society (For more details, please see Section 8.2 of EASTS Constitution <http://easts.info/constitution/>)

* Representative members can join the Representative Assembly Meeting (see Section 9.1, 9.2 of EASTS Constitution)

Student Members:	191	(2,000 yen / 2 years)
Cooperative member:	37	(100,000 yen/year/unit)
Supporting Members:	1	(voluntary)

■ Activity of the Domestic Society Related to EASTS

1) Conference

2) Seminar, Symposium, Workshop, Forum or Lecture

Joint Seminar 1

The University of the Philippines National Center for Transportation Studies (UP-NCTS) in cooperation with the Transportation Science Society of the Philippines (TSSP) and the EASTS and EASTS-Japan:

October 8, 2020

PM2:00– 4:00 (Manila and online)

Bicycle Promotion Plan and Space Design Guidelines in Japan

Prof. Tetsuo Yai

Department of Built Environment, Tokyo Institute of Technology

Former President, Eastern Asia Society for Transportation Studies

Joint Seminar 2

EASTS-KOTI-ITF/OECD-ITF

Joint Seminar on Transport Connectivity in East Asia

December 3, 2020

17:00 - 17:10 Opening Remarks

Jaehak OH, President, Korea Transport Institute & EASTS

Tetsuo YAI, Former President of EASTS and Tokyo Institute of Technology

17:10 - 17:20 Background and Introduction

Research Collaboration on Transport Connectivity

Sungwon LEE, Korea Transport Institute

17:20 - 17:35 Impact Analysis of Improving Transport Connectivity in the Northeast Asia Region

Jari KAUPPILA, OECD ITF

17:35 - 17:50 Connectivity Issues in Northeast Asia

Wangtu (Ato) XU, Xiamen University

17:50 - 18:05 EU-Asia Connectivity Plans: How to assess the impacts

Andreas KOPP, European Commission

18:05 - 18:40 Discussions: Future direction of transport connectivity in East Asia

Joint Seminar 3

IRG-38 Vulnerability Assessment of Transport Systems due to Flooding in Selected Asian Cities

March 30, 2021

<Keynote Lecture>

- Prof. Masao KUWAHARA (Nihon University, Japan), Traffic monitoring immediately after a major natural disaster using probe data

<Presenters>

- Prof. Alexis, FILLONE (De La Salle University, the Philippines), Travel behavior under flood situation in metro Manila

- Dr. Anabel ABUZO (Xavier University, the Philippines), Network analysis of disaster response routes for flooding: the case of Cagayan de Oro City, Philippines

- Dr. Vu Anh TUAN (Vietnamese-German University, Vietnam), Weather-responsive traffic management strategies for major cities in Vietnam

- Dr. Sittha JAENSIRISAK (Ubon Ratchathani University, Thailand), Travel behavior under flood situation in Ubon Ratchathani

- Dr. Varameth VICHIENTSAN (Kasetsart University, Thailand) Travel behavior under flood situation in Bangkok

- Prof. Atsushi FUKUDA, (Nihon University, Japan), Impact of flood on traffic state

3) Publication (Journals, Textbooks, Newsletters etc.)

4) Other Remarkable Activities

5) Future Activity Plan (If you desire to inform some future activities of your domestic country to EASTS website, please fill in following blank space.)

6) List of EASTS Representative Member(s)

* Number of Representative members is based on the category of your society (For more details, please see Section 8.2 of EASTS Constitution <http://easts.info/constitution/>)

* Representative members can join the Representative Assembly Meeting (see Section 9.1, 9.2 of EASTS Constitution)

1) Conference

- International Conference on Sustainable Cities (ICoSC) in conjunction with 15th Malaysian Universities Transport Research Forum Conference (MUTRFC)

The International Conference on Sustainable Cities (ICoSC) in conjunction with 15th Malaysian Universities Transport Research Forum Conference (15th MUTRFC) was successfully conducted on 27th July 2021. The ICoSC & MUTRFC conference was co-organised by Politeknik Ungku Omar (PUO), Universiti Kebangsaan Malaysia (UKM) and Transportation Science Society of Malaysia

(TSSM). The initial plan was to conduct a two-day conventional physical conference; however, it was cancelled until the last minute due to COVID-19 pandemic and subsequently, the conference was conducted fully online via Zoom platform. With the theme of “Sustainable Civil Engineering Technology Towards a New Revolution”, the ICoSC & MUTRFC conference has successfully attracted 33 participants to present their research works and another 60 as conference participants.

All papers submitted for presentation at ICoSC & MUTRFC and for publication in the journals were subjected to a double-blind, peer review process by competent reviewers. Submissions for this conference are accepted in both English and Malay languages. The selected papers will be published either in Jurnal Kejuruteraan (ISSN: 0128 0198) and Journal of Civil Engineering Technology (PUO) (eISSN 2735 1262).

2) Seminar, Symposium, Workshop, Forum or Lecture

A series of seminars were conducted by members of TSSM in collaboration with the universities. Examples are as follows:

- Webinar on Road Safety – Safe Driving Behaviour.
The webinar was conducted on 6th April 2020 in collaboration with CTR, University of Malaya, and focused on the issue of driving behaviour and safety of all road users.
- Webinar on Road Safety – Safety of Pedestrians.
The webinar was conducted on 29th May 2020 in collaboration with CTR, University of Malaya, and focused on pedestrian safety.
- Transport Research in Malaysia: Gaps & Paving the Future.
The webinar has been jointly organized in collaboration with the Centre for Logistic and Transport, Universiti Utara Malaysia (UUM) and Universiti Sains Malaysia (USM) on 22nd January 2021. Participants were mostly from the academics, students as well as the public.
- Road Safety Webinar: Teenagers and Youngsters are more prone to be involved in Road Accidents.
The webinar was conducted on 6th April 2021 in collaboration with the Safety Driving Research Centre (SDRC), Faculty of Civil Engineering and Built Environment, Universiti Tun Hussein Onn Malaysia (UTHM).

3) Publication (Journals, Textbooks, Newsletters etc.)

- Members of TSSM have been publishing in established peer-reviewed international journals, especially those indexed by ISI and SCOPUS because of requirements from their own universities. As such, our own TSSM journal is adversely affected.

4) Other Remarkable Activities

- **Low Carbon Mobility Blueprint & Action Plan 2030.** The United Nations Industrial Development Organisation (UNIDO) through Malaysian Green Technology Corporation (MGTC) has engaged TSSM to conduct a study on developing the Low Carbon Mobility Blueprint & Action Plan for Malaysia for the year 2030. During the study engagement with many stakeholders (government ministries and agencies, private sector players, industries and OEMs, and NGOs) were held through interviews, discussions, focus group discussions and seminars. The blueprint has been finalized for approval by the government. It is hoped that this blueprint will be a very meaningful contribution to the nation in terms of low carbon mobility in Malaysia.
- Office bearers of TSSM are also actively involved in various capacities with respect to government agencies, local government and private sector on issues pertaining to transportation.

5) Future Activity Plan (If you desire to inform some future activities of your domestic country to EASTS website, please fill in following blank space.)

- Annual Calendar by SoTEN

SOCIETY OF TRANSPORT ENGINEERS NEPAL (SOTEN)
(A Professional Society for Knowledge Generation, Sharing and Dissemination in Transportation field)

INTRODUCTION
Society of Transport Engineers Nepal (SOTEN) is a professional organization, established in 2009 by a team of enthusiastic engineers working in transport sector in Nepal. Its membership includes transport engineers working in government agencies, private firms and business, and academic institutions. The Society is dedicated for professional development by generating and disseminating the knowledge and sharing the professional experiences.

VISION
To be the Nepal's most representative professional institution committed to promote the use of globally best practices for the planning, design, construction, operation and maintenance of transport infrastructures.

THIRD EXECUTIVE COMMITTEE
(Date: 20 Aug. 2019)
President: Er. Dr. Padma Bahadur Shukla
Vice President: Er. Rajendra Raj Sharma
General Secretary: Er. Anil Maharana
Secretary: Er. Shree Ram Dhakal
Member: Er. Anjana Bhatta

नेपाल इन्जिनियर्स एसोसियेशन
नेपाल इन्जिनियर्स एसोसियेशन

The consulting industry in Nepal received new opportunities and challenges from early ventures when government departments started using private professional to provide services in small scale engineering projects. Since then, though the industry is in a continuous path of growth, the parallel support from the concerned quarters of the formulation of appropriate policies, regulations and environment for healthy development could not take place.

Nepal Engineers' Association (NEA) is an independent nonprofit organization of Nepalese engineers. It was established in 1962. Today, it represents 25,000 engineers, belonging to various engineering disciplines including architects, civil, electrical, mechanical, electronics etc. and coming from both the public and private sector economies. NEA's mandates include promoting fellowship goodwill and cooperation assistance among the Nepalese engineers, safeguarding their rights and interests and promoting the development of science and technology. NEA has established center for Continuous Engineering Education (NEA-CCE) and the Business Incubation Center (NEA-BIC) to address respectively the CPD requirements for professional enhancements and to promote entrepreneurship capabilities among the young engineers.

Objectives:

- To promote development of the engineering science and technology in Nepal.
- To promote fellowship goodwill and cooperation assistance among the Nepalese engineers and safeguard their rights and interests.
- By utilizing, to the highest extent possible, the participation of the national engineering manpower of the country in the national development activities of Nepal, make effort towards ending foreign dependency in this regard.
- To continuously enhance the highest professional ideals among the members and widen it.
- To develop relations, fellowship and goodwill with international engineering associations and institutions.

Other Remarkable Activities (e.g., Awards)

❑ EASTS NZ activities since September 2020

2020-21

- You may remember that EASTS NZ approached International Transport Forum (ITF) in late 2019 with a very positive response. Consequently, I made a formal proposal to ITF through EASTS President Dr Oh who had a meeting with ITF secretary general in Paris in February 2020. The aim was for EASTS to join ITF (International Transport Forum) to get increased international exposure with a focus on Transport, Urban Planning and Logistics in association with Natural Disaster Management with EASTS YP – Young Power of EASTS to represent young professionals at ITF/OECD. **Unfortunately, this has to be deferred to one of the next board meeting (virtual or face to face).**
- Constant reshuffling of membership to only keep active and interested parties as members, coming to a point to start recruiting new members from universities. Since travel to/from New Zealand is at stand-still since March 2020 and most likely until mid-2022, keeping the interest up has become a challenge.
- Liaising with industry and tertiary education to identify how EASTS could add value for them. On a local level, there has been interaction with industry and tertiary education and government as there is a great opportunity to enhance positive effects of cultural diversity. This step can only though be taken when there is a picture of Covid-19 being under some level of control and foreign students able to return to New Zealand.
- Preparation of 2020-21 EASTS NZ report
- Preparation and submission of an International Research Group (IRG) project in conjunction with EASTS Australia, EASTS Indonesia and EASTS Japan. Topic: ***Investigating Accessibility of Indigenous Heritage and Historic Places***. This project will need some level of seed funding.

What next for the next 12-24 months?

Outcome of achievements and non-achievements 2021-2022

The objectives and targets set in September 2019 for the next 2 years were set at a high level, without the knowledge of Covid-19. Progress over the last 24 months was limited because of Covid-19 and as a result reduced communication with the Japanese team members, something that improved recently through addition of social media communication. I am also trying to improve the NZ membership by encouraging new Asian academics to join.

Objectives on-going

- Initiate EASTS NZ seminars with the support of academics and industry to outline tangible value of networking between EASTS NZ members and industry sponsors
 - Initiate joint-venture with CILT NZ (Chartered Institute of Logistics and Transport NZ) regarding events
 - Effort was put towards industry sponsorship – *limited success*
 - Status is uncertainty of sponsorship of past sponsors!
 - EASTS NZ bank account negative since Colombo conference - **over US\$2k in the reds**
- Encourage more industry leaders to partner with EASTS NZ
 - While EASTS is of relevance to countries like Japan or Korea, it is less to New Zealand, as not bringing any direct advantages, unless a company is looking for specialised staff or tertiary educators looking for students.
 - Make NZ industries understand how isolated NZ is and how much they rely on international business. EASTS is a good vehicle for networking.
- Leading to set-up the EASTS YP Young Professional platform for information exchange
 - In *slow* progress, this has been on hold since Cambodia meeting was cancelled.
- Exposing EASTS more to the NZ government, ASEAN et al. to outline the benefits of EASTS as a good example for multi-cultural diversity and co-operation at academic level.
 - I expect the 2021 IRG project proposal to help becoming a catalyst for attention as it involves transport – tourism and multi-cultural aspects.
- Encouraging EASTS to send an EASTS team to give presentations at the 2022 or 2023 Leipzig ITF conference and be recognised as the organisation best experienced at advising on disaster management relating to transport, urban planning, logistics. This will need strong lobbying support from my Japanese colleagues.
 - Supporting material prepared for EASTS President to take to his 2020 February ITF meeting in Paris but the item was never discussed.
 - Covid-19 did not allow joining ITF conference, but hopes for EASTS to join ITF 2022/23 with EASTS Funding
- Start-ups of new IRG for 2021-2024
 - Submission happened August 2021
- EASTS NZ will continue knocking on industry doors for sponsorship, looking for a patron but times are tough and investment into international affairs is difficult >> **EASTS NZ though urgently needs more partners to survive!!**

Note: EASTS Members – 63 Regular and 24 Student Members (as of September 2, 2021)

■ Activity of the Domestic Society Related to EASTS

1) Conference

- **27th Annual Conference of the Transportation Science Society of the Philippines**

The 27th Annual Conference of the TSSP, initially scheduled to be held in the last week of July 2020 at the Saint Louis University in Baguio City, Philippines, has been cancelled due to the COVID-19 pandemic. However, the conference is now being organized and scheduled as a virtual event on November 19, 2021. Papers have been submitted and are now undergoing the review process prior to acceptance for presentation and consideration for TSSP's publications (i.e., Conference Proceedings and the Philippine Transportation Journal).

2) Seminar, Symposium, Workshop, Forum or Lecture

- **Bicycle Infrastructure Planning and Design for the Pandemic and Beyond – NCTS-TSSP-EASTS Webinar**

The University of the Philippines National Center for Transportation Studies (UP-NCTS), in cooperation with the Transportation Science Society of the Philippines (TSSP) and the Eastern Asia Society for Transportation Studies (EASTS) held a two-part webinar on August 17 and October 8, 2020. The main objective of the webinar was to help guide planners and engineers in the development of bicycle networks in their localities and to establish programs that support and encourage cycling. In Part 1, Dr. Ricardo Sigua gave a talk on "Bicycle Facilities Planning and Design for the Pandemic and Beyond." In Part 2, Dr. Tetsuo Yai presented on "Bicycle Promotion Plan and Space Design Guidelines in Japan." The proceedings and the video may be found in the following links:

<http://ncts.upd.edu.ph/tssp/index.php/2020/10/15/proceedings-of-the-ncts-tssp-easts-webinar/>

<https://www.facebook.com/upncts/videos/380648549605418>

- **Invisible Women: Mobility and Active Transportation during Covid-19 Pandemic – Women in Transportation Leadership in collaboration with EASTS, TSSP, and Asia and Australia-based universities**

The Women in Transportation Leadership (WiTL) in collaboration EASTS, TSSP, Asia and Australia-based universities convened a two-part Asia-wide webinar series on November 24 and 25, 2020. The series tackled issues pertaining to gender equality and inclusion in transport in the context of the Covid-19 pandemic. The event is now posted on Facebook via the following link:

https://www.facebook.com/events/787523365421768?active_tab=about

<https://www.facebook.com/womenintransport/photos/gm.787523395421765/1745918732251864>

3) Publication (Journals, Textbooks, Newsletters etc.)

TSSP Journal: Philippine Transportation Journal

Following are the titles under each published issue of the PTJ for this report:

The second issue for 2019 was published in November 2019 with the following titles:

- Volume 2, Number 2, November 2019
 - Cycling Odds: Factors Affecting the Propensity to Use Bicycles in a Highly Urbanized City in the Philippines
 - Dynamics of Devotees during the Black Nazarene Procession in Manila City
 - Analysis of Energy Economy Rating of E-Trike on Long and Short Routes Along Flat Terrain Condition
 - Camera-Aided Traffic Data Collection Method for Paratransit Services in the Philippines
 - Survey Design of Stated Preference Method to Model Modal Shift to MRT Line 7

Link:

<http://ncts.upd.edu.ph/tssp/index.php/2019/11/29/download-philippine-transportation-journal-vol-2-no-2-november-2019/>

The first issue for 2020 was published in June 2020 with the following titles.

- Volume 3, Number 1, June 2020
 - The Transit-Oriented Development (TOD) Suitability Index: A Rationalized Planning Framework
 - Analysis and Characterization of Domestic Air Travel Delay of Low-Cost Airlines at NAIA Terminal 4 for the Year 2015
 - Assessing the economic impact of the closure of Ninoy Aquino International Airport caused by Xiamen Air Flight 8667: A Dynamic Inoperability Input-Output Approach
 - Study on the Implementation of a Campus Bike-Sharing Program as a Sustainable Transport Mode: Case of Visayas State University
 - Investigating Tourists' Airport Choice in the Multi-Airport Region of Aklan, Philippines and Its Implications on Airport Capacity Expansion Decisions

Link:

<http://ncts.upd.edu.ph/tssp/index.php/2020/06/18/download-philippine-transportation-journal-vol-3-no-1-june-2020/>

Future plan for the PTJ is to have it recognized and accredited by the Commission on Higher Education (CHED) for the quality of publication and for it to be promoted among universities and colleges in the Philippines. One requirement is the consistent publication for at least 2 years. Unfortunately, the pandemic led to the cancellation of the 2020 conference and affected the typical source of papers for consideration in the PTJ. As such, a second issue for PTJ was not published in 2020. Meanwhile, with the holding of TSSP 2021, the society is optimistic that an issue will be published later this year and that there are good prospects for another issue in the first half of 2022.

4) Other Remarkable Activities

- **Position Paper: Motorcycle Taxis**

The Society submitted a position paper on “Motorcycles as a Mode of Public Transport” formulated by a focus group of members working on transport policy, motorcycle taxis, paratransit in general. The paper was submitted and considered by the Committee on Transportation of the House of Representatives. Dr. Ricardo Sigua attended and spoke at the committee hearing last August 24, 2021.

5) Future Activity Plan (If you desire to inform some future activities of your domestic country to EASTS website, please fill in following blank space.)

- 27th Annual Conference of the Transportation Science Society of the Philippines, November 19, 2021 – Theme: “Imagineering a Post-Covid Transportation Landscape

Link:

<http://ncts.upd.edu.ph/tssp/index.php/2021/07/15/2nd-call-for-papers-for-the-27th-annual-conference-of-the-transportation-science-society-of-the-philippines/>

■ Officers and Secretariat

President (Name, Affiliation)

Prof.Dr. Pichai Taneerananon, Lecturer, Faculty of Engineering, Prince of Songkla University, Hatyai Campus, P.O. Box 2 15 Karnjanavanich Road, Hatyai, Songkhla 90112, Email : breathislife@yahoo.com

Vice-President (Name, Affiliation)

1st : Dr.Koonton Yamploy, Bureau of Location and Design, Department of Highway, Rama VI Soi 24, Thung Phaya Thai, Ratchathewi, Bangkok 10400, Email : koontonk3@gmail.com

2nd: Assoc. Prof. Dr. Sorawit Narupiti, Lecturer, Civil Engineering Chulalongkorn University, Pathum Wan, Pathum Wan District, Bangkok 10330, Thailand, Email : sorawit.n@chula.ac.th

Secretary General (Name, Affiliation)

Associate Prof. Pawinee Iamtrakul, Lecturer, Faculty of Architecture and Planning, Thammasat University, Thailand, T. +66 (0) 2986 9434, +66 (0) 2986 9605-6 F. +66 (0) 2986 8067, Email: iamtrakul@gmail.com

Membership Category / Number of Each Membership Category / (Annual membership fee)

<u>Regular membership</u>	<u>20</u>	<u>(500 THbaht)</u>
<u>Student membership</u>	<u>4</u>	<u>(50 THbaht)</u>
<u>Corporate membership</u>	<u></u>	<u>(10,000 THbaht)</u>
<u>Honorable membership</u>	<u></u>	<u>(no fee)</u>
Total	24	

■ Activity of the Domestic Society Related to EASTS

1) Conference

2) Seminar, Symposium, Workshop, Forum or Lecture

- 2019 Road Safety Thailand Towards Zero
Together with the Engineering Institute of Thailand (EIT), TSTS has conducted seminar about The Safe System Approach "Zero deaths and injuries on roads ... with engineering" on March, 25, 2019 EIT has now set up an accreditation body with heavy involvement of TSTS.
- 2019 Road Safety Thailand Towards Zero
 - TSTS invited Assoc. Prof. Dr. Jeremy Woolley, director of the Centre for Automotive Safety Research (CASR), the University of Adelaide, Australia to speak at the seminar about Thailand Towards Zero: Make it happen with the safe System Approach "The Most Effective Way of dealing with Road Crashes: The Safe System Approach" on November 15, 2019 at Impact Arena Meaung Tong Thani.
- 2021 COVID-19 Women's Mobility Asean Experience, 2020 Resilient City (Online Course)
 - Together with the Women in Transportation Leadership (WiTL), TSTS has conducted online course about "Women's Mobility in Thailand Context" on July 9, 2020.
- 2020 Sustainable Transport Safety (Panel Discussion No.2)
 - Together with the Women in Transportation Leadership (WiTL), TSTS has conducted seminar about "Sustainable Transport Safety" on September 23, 2020.
- 2020 Invisible Women: Mobility and Active Transportation during COVID-19 Pandemic
 - Together with the Women in Transportation Leadership (WiTL), TSTS has conducted webinar about "Active Transport and Women's Wellbeing" on November 11, 2020.

3) Publication (Journals, Textbooks, Newsletters etc.)

4) Other Remarkable Activities

- TSTS has helped Royal Thai Police whose mission is to save lives in its efforts to improve road safety in Thailand with "Road Accident Investigation Project: Big bike crashed on Flyover Guardrail (Head out of body)" on July 27, 2019.
- TSTS has helped The Safer Road Foundation (SRF) whose mission is to redesign road and environment to improve road safety in Thailand with "One project in Songkhla City".

5) Future Activity Plan (If you desire to inform some future activities of your domestic country to EASTS website, please fill in following blank space.)

- 2022, TSTS Thailand hope to corporate webinar, together with the

Engineering Institute of Thailand (EIT), Department of Highways and Department of Rural Roads about create indicator and assessment in Road Safety Thailand and another issues.

6) List of EASTS Representative Member(s)

* Number of Representative members is based on the category of your society (For more details, please see Section 8.2 of EASTS Constitution <http://easts.info/constitution/>)

* Representative members can join the Representative Assembly Meeting (see Section 9.1, 9.2 of EASTS Constitution)

Report of EASTS Domestic Society (2020-2021)

- ❑ Name of Country/Region: VIETNAM
- ❑ Name of the Society: TRANSPORT STUDIES SOCIETY OF VIETNAM
Address of Secretariat: University of Transport and Communications,
No 3 Cau Giay, Ha Noi, Viet Nam
TEL: 84913231196, FAX: +84437669613, E-Mail: trantuanhiep@gmail.com
Web URL of the Society: _____

❑ Officers and Secretariat

President (Name, Affiliation)

Prof. Dr. TRAN Tuan Hiep, University of Transport and Communications (UTC)

Vice-President (Name, Affiliation)

1st: Prof. Dr. BUI Tien Thanh, University of Transport and Communications (UTC)

2nd: Prof. Dr. Dao Van DONG, Transport Development and Strategy Institute (TDSI)

Secretary General (Name, Affiliation)

Mr. Dr. Dang Minh TAN, Department of Civil Engineering, UTC

Mr. Dr. Bui Ngoc Dung, Department of Information Technology, UTC

❑ Membership

Membership Category	/	Number of Each Membership Category	/	(Annual membership fee)
<u>Regular Members</u>		<u>69</u>		<u>(50 000 VND)</u>
<u>Student Members</u>		<u>37</u>		<u>(25 000 VND)</u>

❑ Activity of the Domestic Society Related to EASTS

1) Conference

- ORMA platform developed by WB under LRAMR for local road network management, organized by Department of Highway and Traffic Engineering, UTC, 25-9-2020
- Technology for underground construction works of Urban Railway Line No. 1 - Ho Chi Minh City, UTC, 25-9-2020
- Applying science and technology to develop Ho Chi Minh City into a Green and Smart city, Hosted by Hochiminh city University of Transport.
- Research and application of artificial intelligence (AI) in traffic management and operation, organized by TSSV, UTC, 15-10-2020
- The third International Conference on Sustainability in Civil Engineering (ICSCE 2020), UTC, 25,26 -11-2020
- International conference on applications of artificial intelligence in transportation (Aitc2020), UTC2, Hochimin city, 11-12-2020

- Construction Digitalisation for Sustainable Development: Transformation through Innovation, organized by National University of Civil Engineering (NUCE), 11-11-2020
- Choosing urban railway solutions suitable for cities in Vietnam, organized by UTC, 29-01-2021.
- Digital Twin model for damage detection and structural health monitoring of long span bridges, organized by UTC, 29-01-2021
- Appropriate Technology in Japanese ODA's Infrastructure Projects, organized by Construction Management Faculty, UTC, 25-03-2021

2) *Seminar, Symposium, Workshop, Forum or Lecture*

- Seminar on Diagnosing bridge girders with up-to-date structural models using vibration measurements, organized by Civil Engineering Faculty, UTC, 15-12-2020
- Symposium of Modern technology in the design, construction and operation of Highway projects, organized by Civil Engineering Faculty UTC, 27-01-2021
- Seminar on the influence of aggregates on the deformation development of hot asphalt concrete under Vietnamese conditions, organized by Department of Highway and Traffic Engineering, 2-2-2021
- Seminar on integrated models of public passenger transport modes in Vietnamese cities, organized by Civil Engineering Faculty, 5-2-2021.
- Seminar on Evaluation of water permeability and chloride permeability of lightweight concrete applied in predicting the life of bridge structures, organized by Department of Bridge and Tunnel, UTC, 13-2-2021
- Symposium on Modern technology for surveying and assessing the quality of road infrastructure, organized by Department of Highway and Traffic Engineering, UTC, 23-4-2021.
- Symposium on Application of Building Information Modeling (BIM) in tunnel construction, organized by Department of Bridge and Tunnel, UTC, 06-5-2021

3) *Publication (Journals, Textbooks, Newsletters etc.)*

- Publications in followings:
 - Transportation Science Journal, monthly, UTC.
 - Transportation Science Journal; International especial issue, (in cooperation with MADI-Russia, SWJTU-China, UTC-Vietnam), annually.
- Taking part in preparation of following textbook
In Vietnamese:
 - Exploiting and testing the bridge
 - Bridge construction technologies

- Incident analysis and risk management of Road construction
- Accessible transportation for disabilities people
- Construction of rural and mountainous roads
- Economy of transport and tourism

4) *Other Remarkable Activities*

- Taking part in Studies funded by Ministry of Transport and Ministry of Education and Training, such as:
 - ✓ 18 scientific research Projects, State level.
 - ✓ 35 scientific research Projects, Ministry level
 - ✓ 147 scientific research Projects, University and Institute level

5) *Future Activity Plan* (If you desire to inform some future activities of your domestic country to EASTS website, please fill in following blank space.)

- Our plan is to develop more members and continue to organize scientific Conferences and seminars more often.

6) *List of EASTS Representative Member(s)*

* Number of Representative members is based on the category of your society (For more details, please see Section 8.2 of EASTS Constitution <http://easts.info/constitution/>)

* Representative members can join the Representative Assembly Meeting (see Section 9.1, 9.2 of EASTS Constitution)

Name / Affiliation / e-mail address

- Prof. Dr. Tran Tuan HIEP/ Civil Engineering Faculty, University of Transport and Communications (UTC)/trantuanhiep@gmail.com
- Dr. Dang Minh Tan/Department of Highway and Traffic Engineering, UTC, tandang@utc.edu.vn
